Version:	2

O'Brien Pipeline Solutions is committed to effectively managing all potential environmental impacts, while striving to ensure all of its business activities are conducted in accordance with legislative, industry and client requirements and community expectations.

O'Brien Pipeline Solutions is committed to maintaining a documented integrated management system aligned to the requirements of AS/NZS ISO 14001, and incorporating compliance with all applicable legal and other requirements to which the business may subscribe.

O'Brien Pipeline Solutions is committed to continuous improvement and development of its integrated management system through communication, training and active involvement by all employees including contractors. O'Brien Pipeline Solutions will provide confidence to its clients and the community that all business activities are adequately managed and controlled through identification and treatment of environmental hazards, including the on-going maintenance and continuous improvement of these principles. Objectives and targets are established, communicated and regularly reviewed by senior management as part of the integrated management system.

O'Brien Pipeline Solutions is committed to:

- Promotion and demonstration of good environmental stewardship;
- Promotion of energy efficiency and resource conservation;
- Providing environmental awareness training to all NTP personnel;
- Identification, assessment and risk reduction of our environmental hazards;
- Reduction and where possible prevention of land, water and air pollution;
- Waste reduction programs while promoting reduce, re-use and re-cycle;
- Ensuring our business activities do no impact on native flora and fauna;
- Conformance with regulatory guidelines & industry standards applicable to business activities.

All O'Brien Pipeline Solutions employees, contractors and visitors have a responsibility to ensure they identify and report all environmental hazards or incidents while ensuring their activities comply with the requirements of this Policy and any complementary policies, procedures or directives relevant to that particular area of operation.

Signed: 
 Joel O'Brien
 Managing Director
